

In the Box

At a Glance

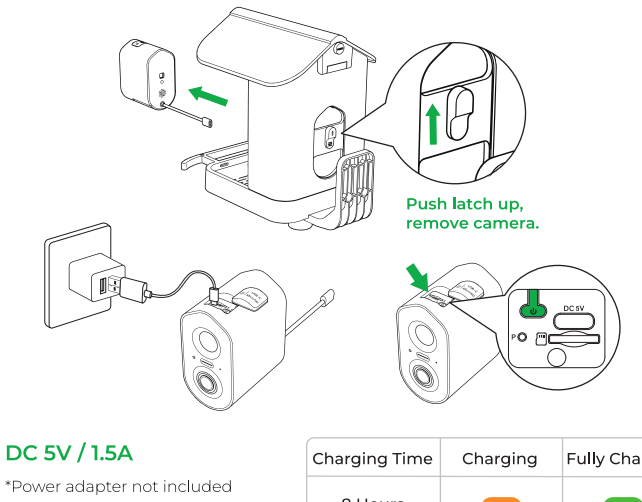

English

1 Power on & Charge the cam

1. Attach the Roof
Line up the connectors on the roof with the top mounting holes, then slide the roof straight down until it clicks firmly into position.

2. Power On & Charge the cam
Push latch up, remove camera. Charge the camera before use (recommended). After charging, press and hold the power button for 3 seconds to power on.

2 Connect and Set Up

1. Download Kiwibit App
Search for "Kiwibit" in the App Store or Google Play. To reduce the risk of scams or malware, use your phone's built-in camera app to scan the QR codes instead of third-party apps.

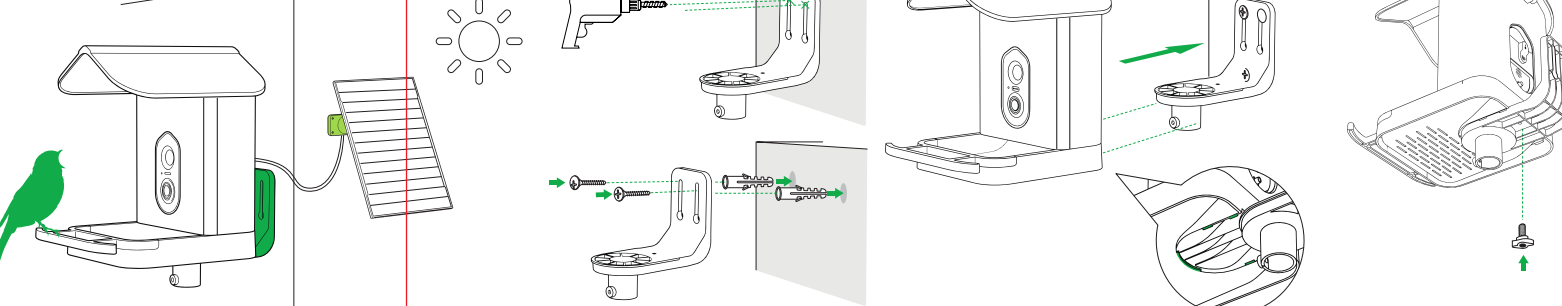

2. Follow the In-App Instructions to Complete Setup

3. Multi-User Sharing
Share access with up to 20 viewer accounts. Up to 3 accounts can view live video at the same time.

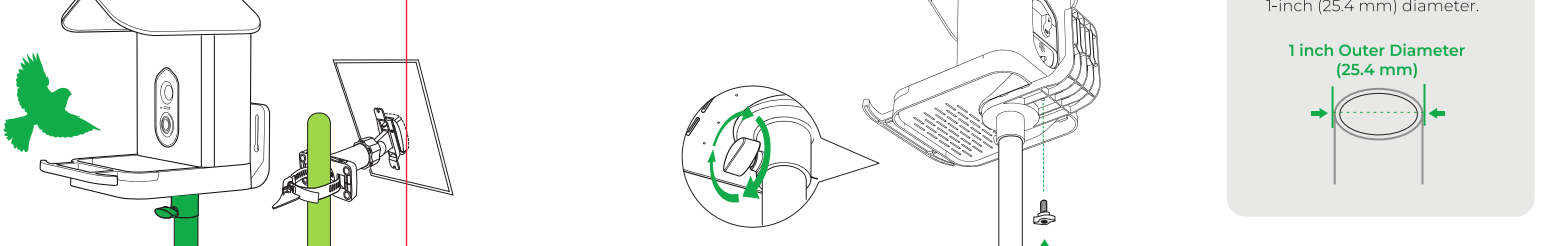

3 Install the Bird Feeder

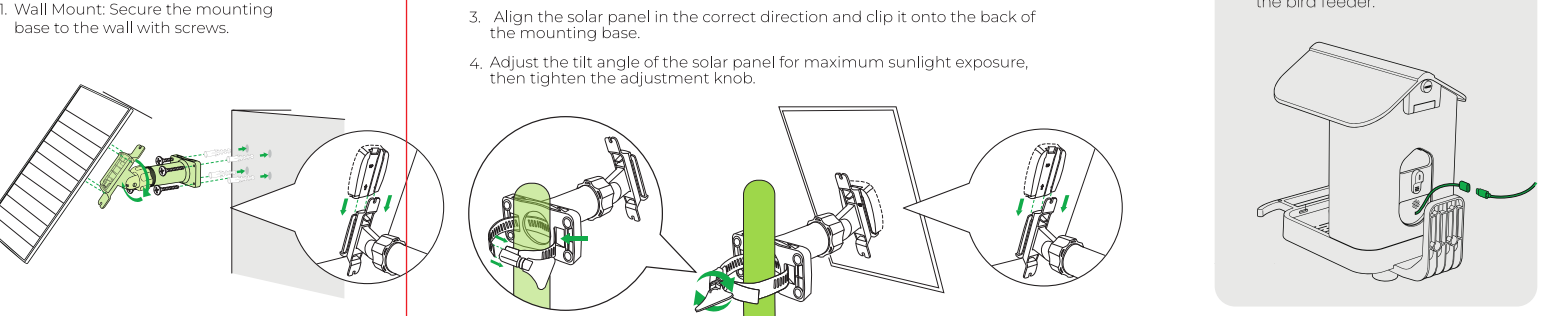

Wall Mount

Pole Mount
(Pole not included)

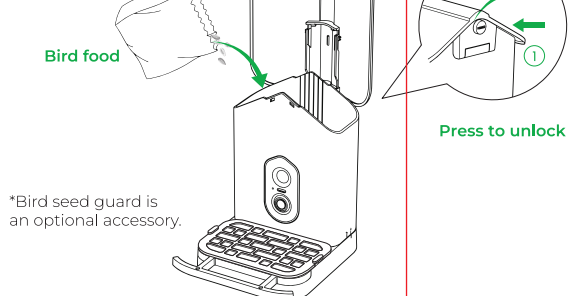

4 Install the Solar Panel

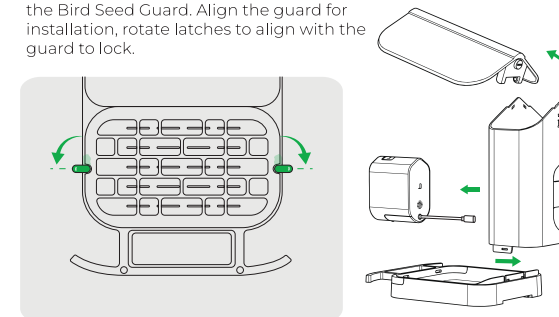

5 Daily Maintenance

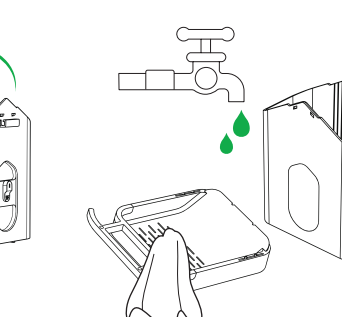

1. Refill Bird Food

2. Installation & Removal of Bird Seed Guard

3. Clean the Bird Feeder

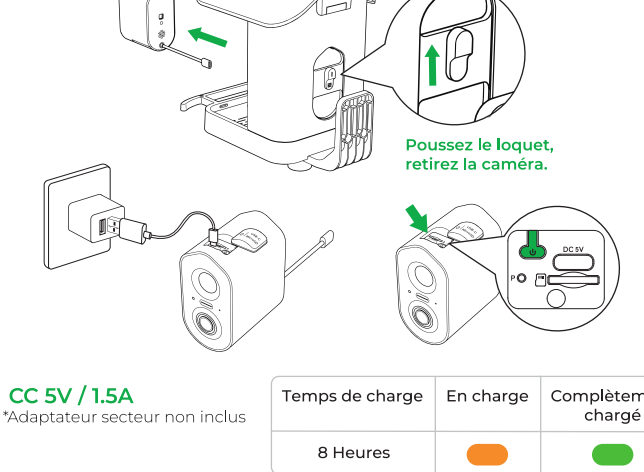

Français

1 Allumer et charger la caméra

1. Fixer le toit
Alignez les connecteurs du toit avec les trous de montage supérieurs, puis faites glisser le toit tout droit vers le bas jusqu'à ce qu'il s'enclenche fermement.

2. Allumer et charger la caméra

Poussez le loquet, retirez la caméra. Chargez la caméra avant utilisation (recommandé). Une fois chargée, maintenez le bouton d'alimentation enfoncé pendant 3 secondes pour l'allumer.

2 Connecter et configurer

1. Télécharger l'application Kiwibit

Recherchez "Kiwibit" dans l'App Store ou Google Play. Utilisez l'appareil photo intégré de votre téléphone pour scanner les codes QR en toute sécurité.

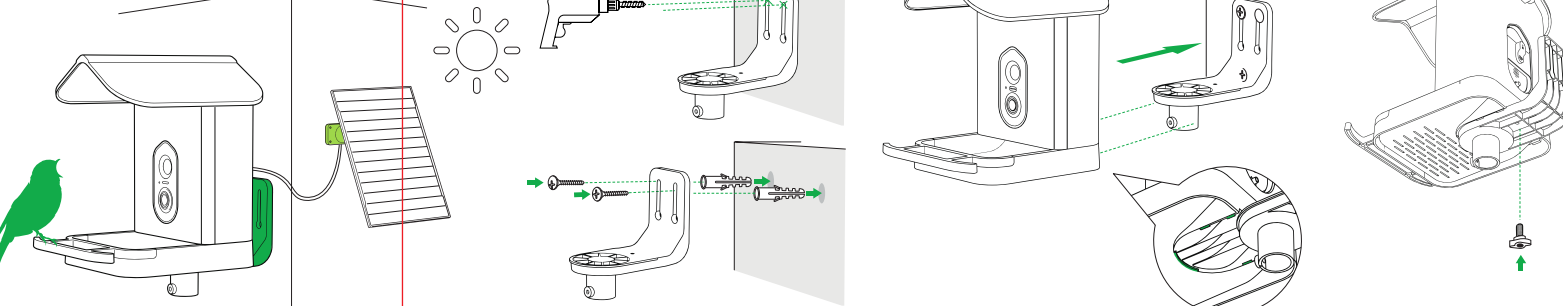

2. Suivez les instructions dans l'application pour terminer la configuration

Partagez l'accès avec jusqu'à 20 comptes utilisateurs. Jusqu'à 3 comptes peuvent visionner la vidéo en direct en même temps.

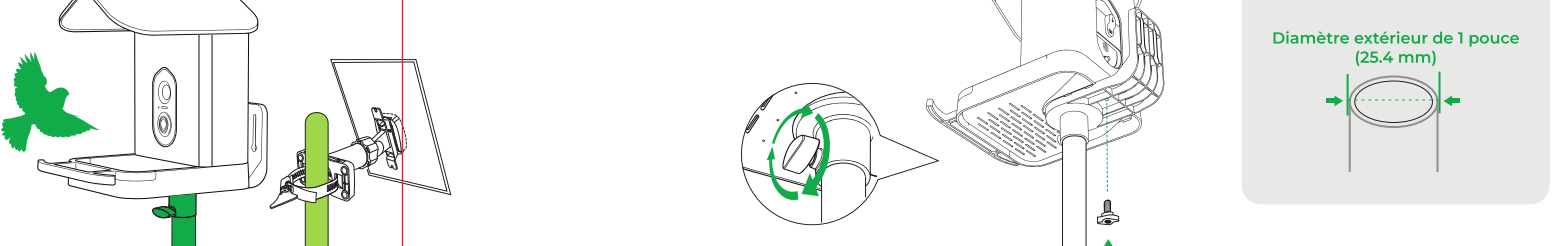

3 Installer la mangeoire

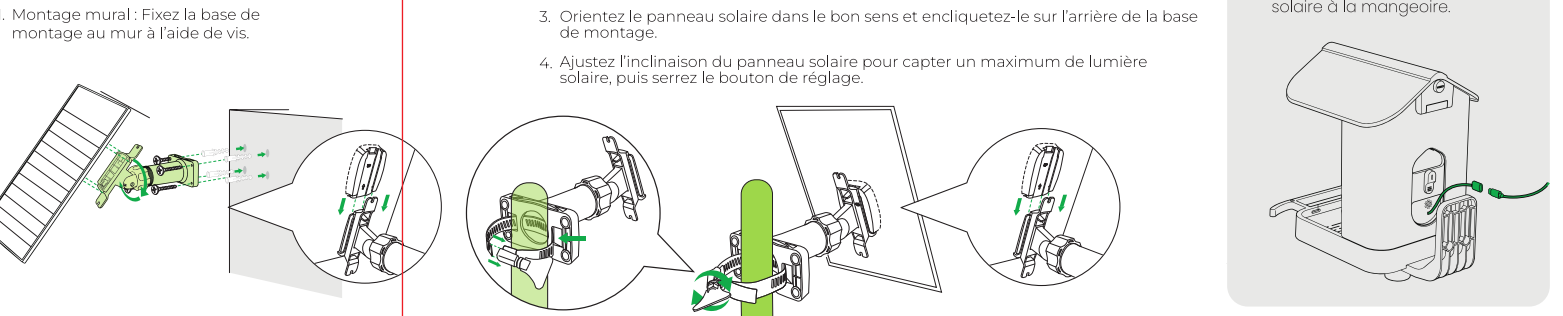

Montage mural

Montage sur poteau
(Poteau non inclus)

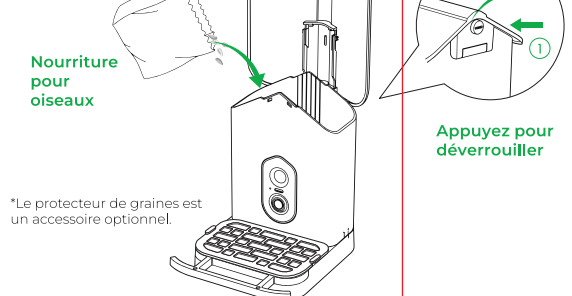

4 Installer le panneau solaire

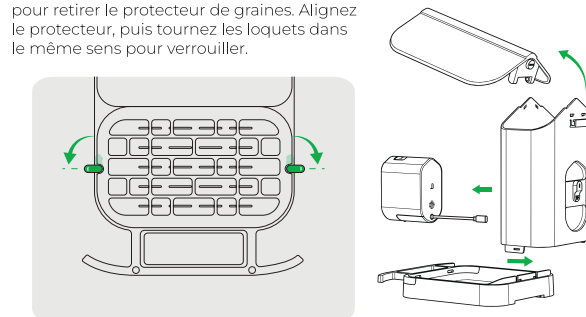

5 Maintenance quotidienne

1. Remplir la nourriture pour oiseaux

2. Installation et retrait du protecteur de graines

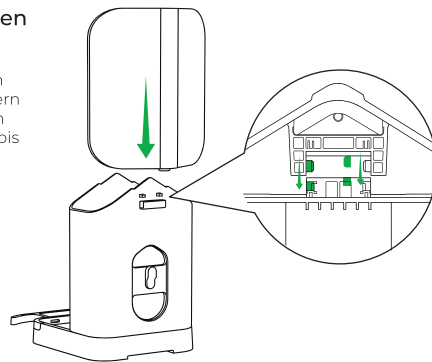

3. Nettoyer la mangeoire à oiseaux

1 Kamera einschalten und laden

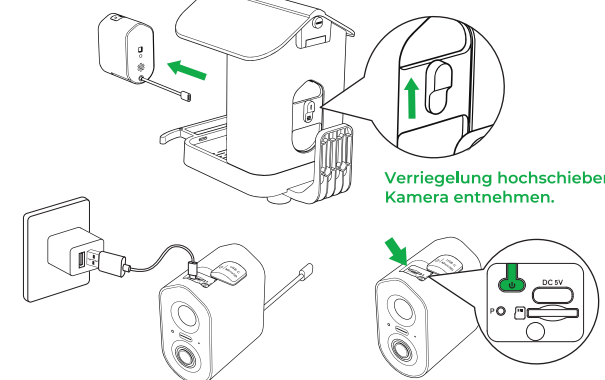

1. Das Dach anbringen

Richten Sie die Verbindungsstücke des Daches an den oberen Montagelöchern aus, schieben Sie das Dach dann gerade nach unten, bis es fest einrastet.

2. Kamera einschalten und laden

Verriegelung hochschieben, Kamera entnehmen. Laden Sie die Kamera vor dem Gebrauch auf (empfohlen). Halten Sie nach dem Laden die Ein-/Aus-Taste 3 Sekunden lang gedrückt, um sie einzuschalten.

DC 5V / 1.5A

*Netzadapter nicht im Lieferumfang

Ladezeit	Lädt	Vollständig geladen
8 Stunden		

2 Verbinden und Einrichten

1. Kiwibit App herunterladen

Suchen Sie "Kiwibit" im App Store oder Google Play. Verwenden Sie die eingebaute Kamera-App Ihres Telefons zum sicheren Scannen der QR-Codes.

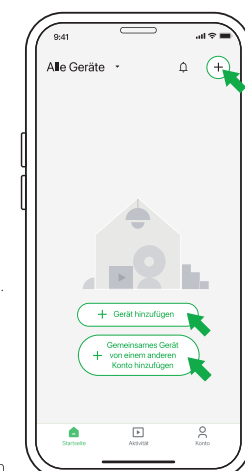

2. Befolgen Sie die Anweisungen in der App, um die Einrichtung abzuschließen

3. Mehrbenutzerfreigabe

Teilen Sie den Zugriff mit bis zu 20 Benutzerkonten. Bis zu 3 Konten können gleichzeitig das Live-Video ansehen.

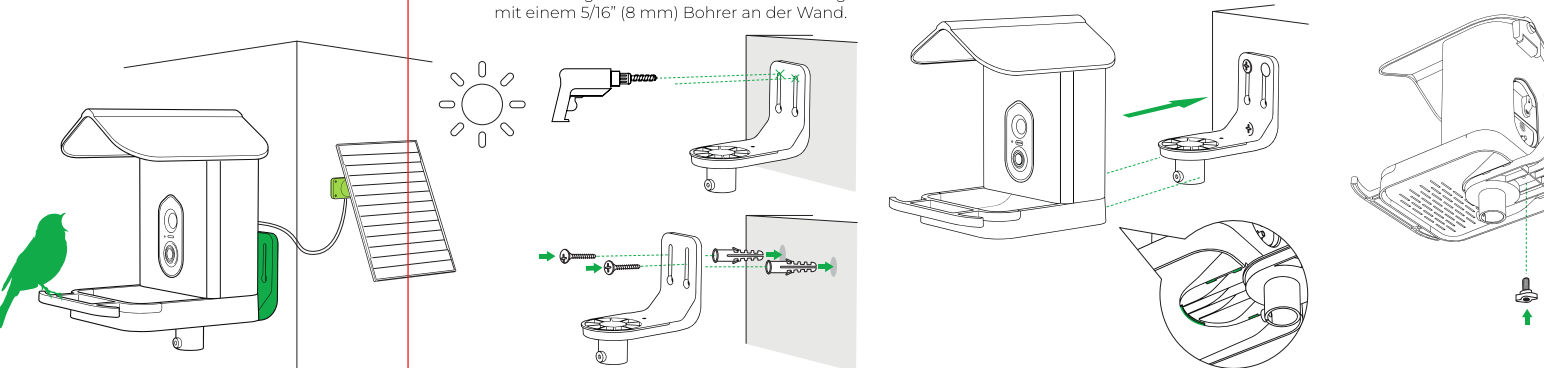

download.kiwibit.com

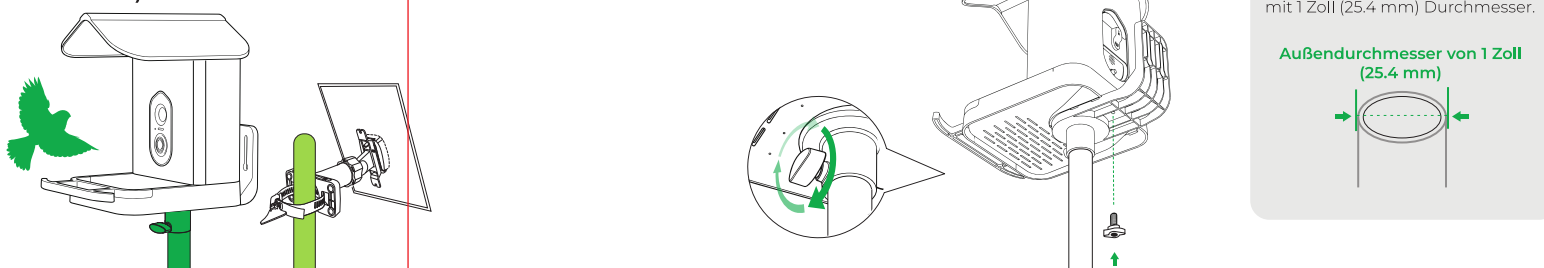

3 Vogelfutterstelle installieren

Wandmontage

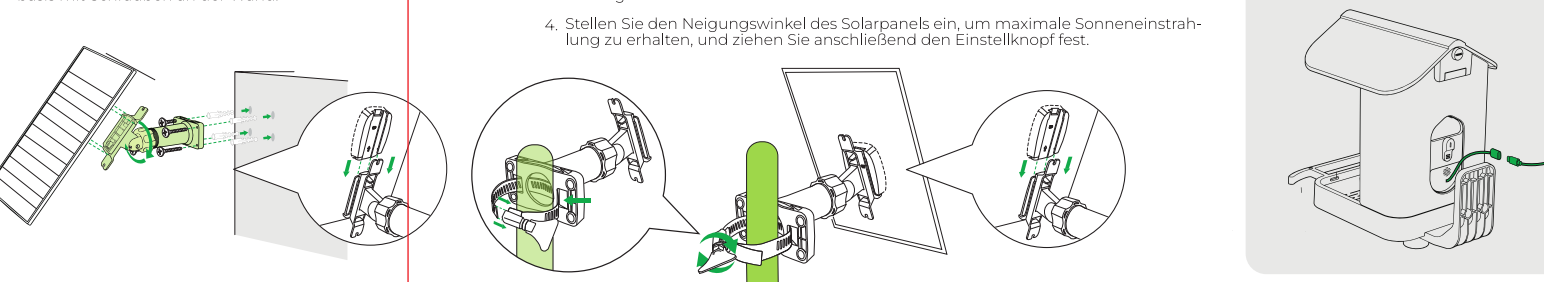

Pfostenmontage (Stange nicht im Lieferumfang enthalten)

4 Das Solarpanel installieren

1. Wandmontage: Befestigen Sie die Montagebasis mit Schrauben an der Wand.

5 Tägliche Wartung

1. Vogelfutter nachfüllen

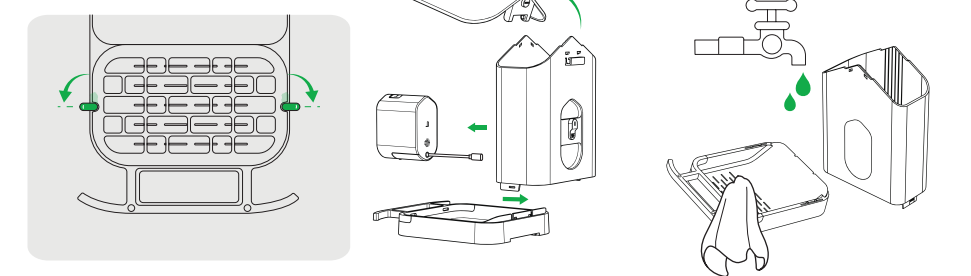

Vogelfutter

*Der Vogelfutterschutz ist ein optionales Zubehörteil.

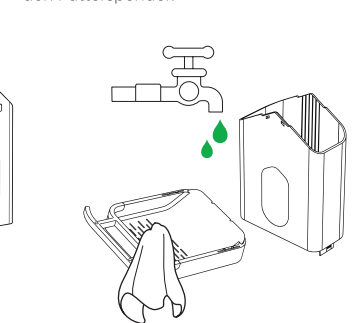

2. Montage und Demontage des Vogelfutterschutzes

Drehen Sie beide seitlichen Verschlüsse um 90° um den Vogelfutterschutz abzunehmen. Richten Sie den Schutz aus und drehen Sie die Verschlüsse parallel dazu zum Verriegeln.

3. Vogelfutterspender reinigen

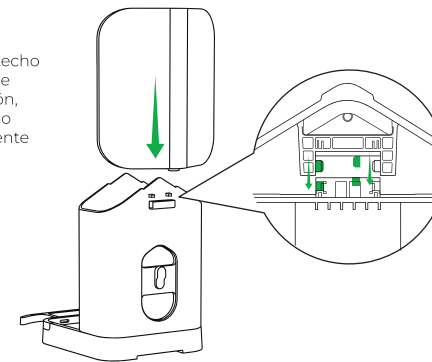

Vor der Reinigung: Leeren Sie den Futterspender.

1 Encender y cargar la cámara

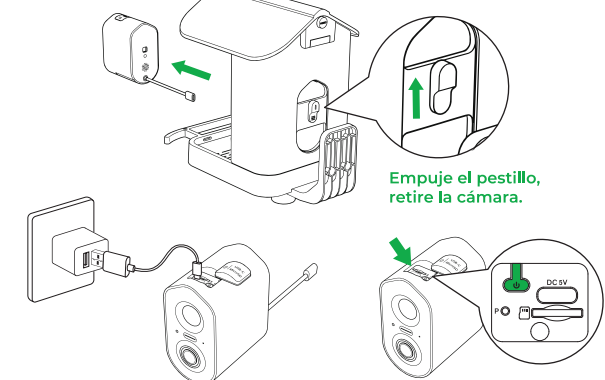

1. Colocar el techo

Alinee los conectores del techo con los orificios de montaje superiores y, a continuación, deslice el techo hacia abajo hasta que encaje firmemente en su posición.

2. Encender y cargar la cámara

Empuje el pestillo, retire la cámara. Cargue la cámara antes de usarla (recomendado). Una vez cargada, mantenga pulsado el botón de encendido durante 3 segundos para encenderla.

DC 5V / 1.5A

*Adaptador de corriente no incluido

Tiempo de Carga	Cargando	Completamente cargado
8 Horas		

2 Conectar y Configurar

1. Descargar la App Kiwibit

Busque "Kiwibit" en App Store o Google Play. Use la aplicación de cámara integrada de su teléfono para escanear códigos QR de forma segura.

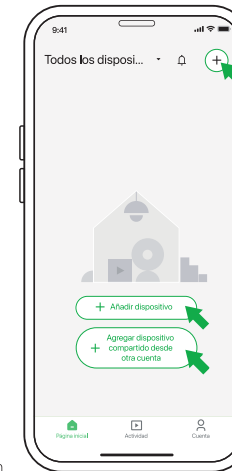

2. Siga las instrucciones en la aplicación para completar la configuración

3. Compartir con múltiples usuarios

Comparta el acceso con hasta 20 cuentas de usuario. Hasta 3 cuentas pueden ver el video en vivo al mismo tiempo.

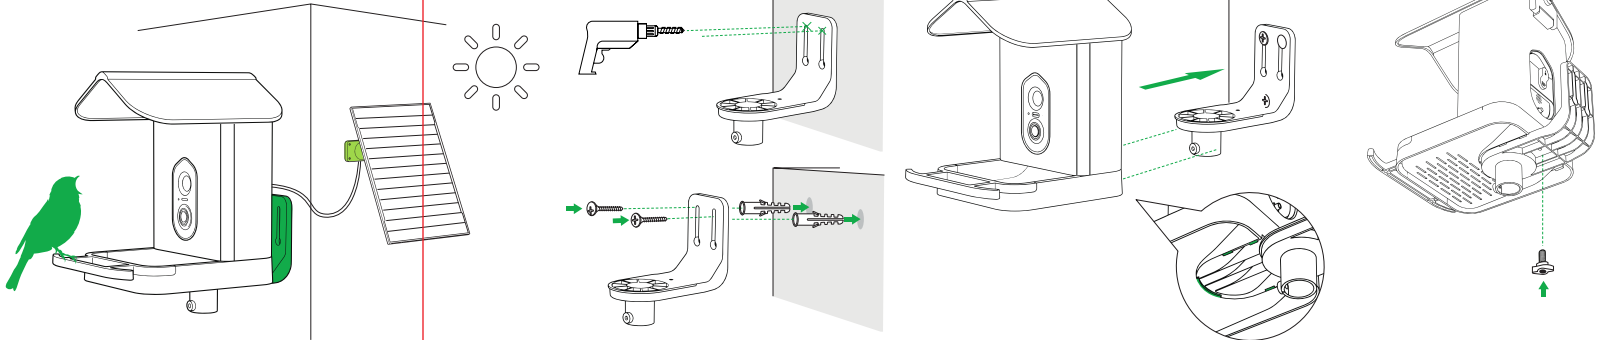

download.kiwibit.com

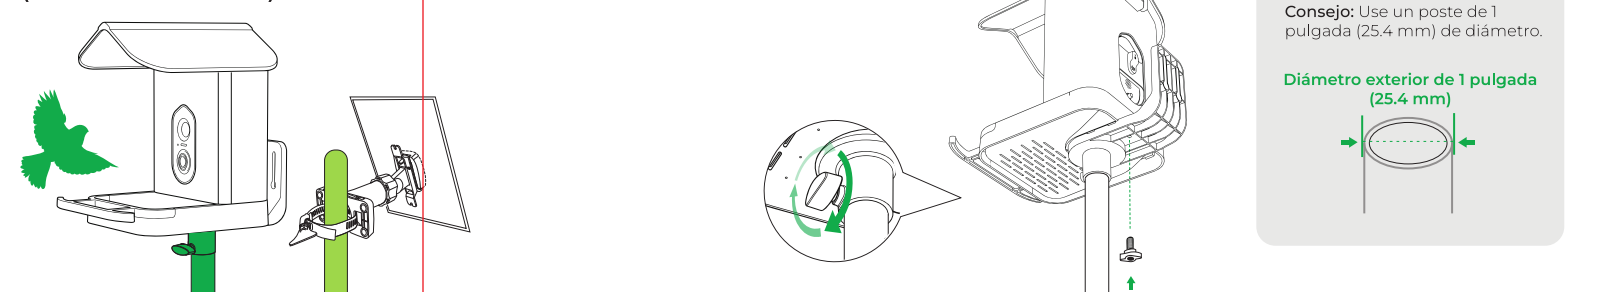

3 Instalar el Comedero

Montaje en Pared

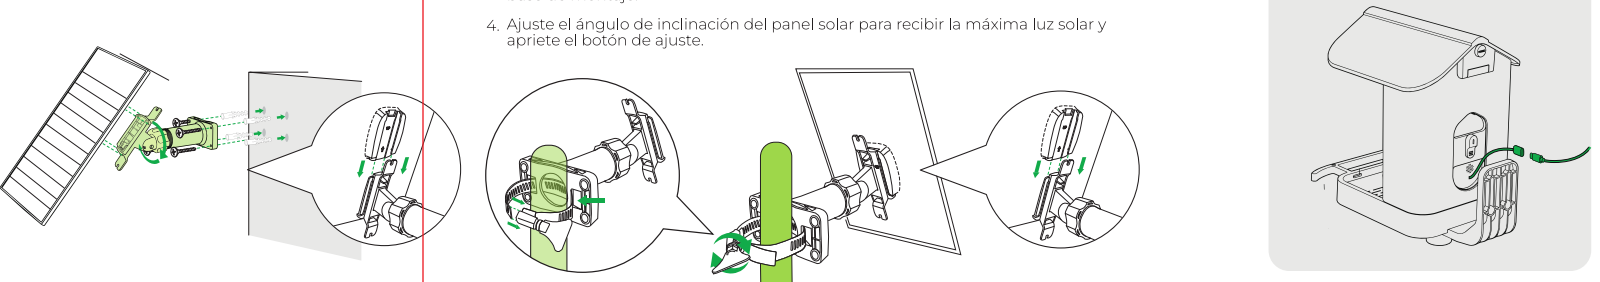

Montaje en Poste (Poste no incluido)

4 Instalar el panel solar

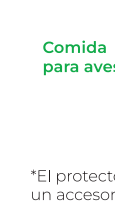

1. Montaje en pared: Fije la base de montaje a la pared con tornillos.

5 Mantenimiento Diario

1. Reabastecer comida para aves

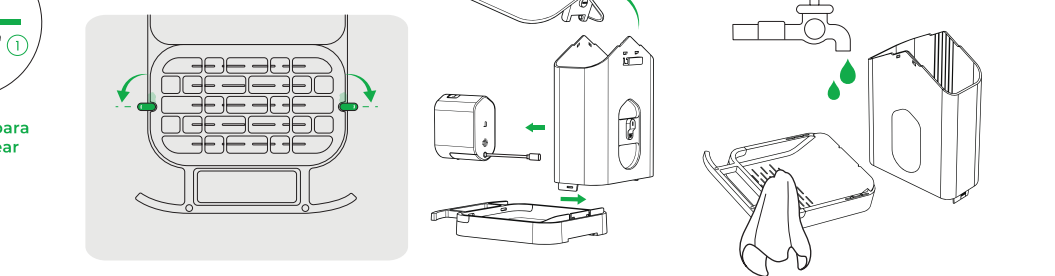

Comida para aves

*El protector de semillas es un accesorio opcional.

2. Instalación y retirada del protector de semillas

Gire ambos pestillos laterales 90° para quitar el protector de semillas. Alinee el protector y gire los pestillos en la misma dirección para bloquear.

3. Limpiar el comedero para pájaros

Antes de limpiar: Vacíe el dispensador.
